☒ **PETITION(S) GRANTED**

(under CFR 1.1.82 or 1.183 (e.g. assignee))

☒ **No record in database**

- JCWS, receive file and forward file to Tasneem (Legal Document Review Clerk) or Omega Lewis (Office Automation Clerk), to key a record.
- Tasneem, assign file to Team Leader processing requests (papers) for that week.

☐ **Pending record in database with no LIE initials**

- JCWS, locate pending request, and dispatch/wand file to a Team Leader processing requests for that week.
- Team Leader, determine if corrections are same or different.
 - ☐ If corrections are the same, as in granted in the petition, do not key a new record.
 - Review 1050s for accuracy, update file and CofC Database, and forward to RTIS.
 - ☐ If corrections requested, are different (two different requests), and requests can be combined. Team Leader should
 - not key a new record (since only one record is needed for combined requests), combine all 1050s,
 - note "No" beside any corrections not granted in the petition (left-hand side of 1050) and supply appropriate page numbering on all 1050s,
 - note instructions for LIE to "review and/or compare all corrections requested" and return file to JCWS to assign file to an LIE or if visible review both request (assign file you yourself).

☐ **Request/file is assigned to an LIE**

- JCWS, receive files into this PALM location.
- Enter "Rec'd" date in CofC Database.
- Return file to the LIE, the request is assigned.

☐ **CERTIFICATE(S)**

(under CFR 1.324, correction of inventorship)

☐ **No record in database**

- JCWS, receive files into this PALM location and forward file to Tasneem to key a record.
- Tasneem, assign and forward file to Tony.

☐ **Pending record in database with no LIE initials**

- JCWS, locate pending request, forward to Team Leader to determine if corrections are same or different.
 - ☐ Team Leader, if corrections are the same as in the Certificate, assign and forward file to Tony.
 - ☐ If different corrections are requested, the Certificate should be published first
 - ☐ Team Leader, key record for Certificate, so that there are two records (one for the Certificate and one for the CofC with different corrections).
- Place a note on file, so JCWS will know to assign request/file to an LIE, to process other corrections.
- Assign record/request for the Certificate to Tony and forward file to Tony to prepare the Certificate.
